* COI Investigator describes any individual, regardless of title, role or position, who is responsible for the design, conduct, or reporting of research. Individuals with such research responsibilities may be, but are not limited to, senior/key personnel, sub/co-investigator or subrecipient investigator, medical investigator, collaborator, consultant, student, trainee, or research coordinator. By considering an individual's degree of independence relative to the research, the Principal Investigator on the proposal or protocol designates those who meet the definition of "Investigator".
