Temporary Positions - Faculty Summer Research
New! Charging Faculty Salary to Sponsored Projects – Effective for proposals submitted May 16, 2018 or later.

Guidelines for Charging Faculty Salary to Sponsored Projects

• No more than 90% of effort expended during the summer period of May 25 – August 24 (2.7 months) should be charged to sponsored projects for the following types of appointments: 12 month research-extended, 12 month instructional and summer research positions (9 month faculty).
• Use salary as of May 24, 2019 (Do not include the raise – it is effective after the summer months)
Summer Research Pay

- Summer salary includes pay for all appointments at GMU (summer research, teaching, and stipends for administrative duties)
- SR amount per pay period should not exceed AY amount per pay period
- Summer salary is not benefited (only 9-month position)
- Check with college dean’s office for additional information if applicable
- Review details of appointment with PI
Dr. Smith is only working on sponsored research during the summer

Three months of summer pay was budgeted on fund 204XXX

What is the maximum amount the faculty can be paid?

- Dr. Smith’s 9-month AY base salary (8/25 – 5/24): $120,000
- Max summer salary: $120,000 / 3 = $40,000
- Max summer salary on sponsored awards: $40,000 * 90% = $36,000
- Check with your Dean’s Office regarding additional $4,000
- Amount per pay period for AY: $120,000 / 18 = $6,667
- Max amount per pay period for summer: $40,000 / 6 = $6,667

✓ Cannot be paid $40,000 in 1 month ($40,000 / 2 = $20,000)
Summer Research Pay: Example 2

- Dr. Perez has budgeted three months of summer pay for sponsored research on fund 204XXX
- Dr. Perez is also teaching one summer course
- What is the maximum amount the faculty can be paid from sponsored funds?
  - Dr. Perez’s 9-month AY base salary (8/25 – 5/24): $81,000
  - Amount for teaching summer course: $8,100
  - Max summer salary: $81,000 / 3 = $27,000
  - Max to be paid off award: $27,000 - $8,100 = $18,900
  - 90% of $27,000 = 24,300, so $18,900 is ok to pay.
Where Innovation Is Tradition

Summer Research Pay: Example 3

- Dr. Yang’s base AY salary is $120,000
- Dr. Yang is also paid a $10,000 AY stipend as the department chair
- Dr. Yang is going to be paid a $2,000 summer stipend as the department chair
- Summer pay for sponsored research was also budgeted on fund 204XXX
- What is the maximum amount the faculty can be paid from sponsored funds?
  - Max summer salary: $120,000 / 3 = $40,000
  - 90% of $40,000 = $36,000
  - $40,000 = $2,000 (stipend) + $36,000 (award pay) + $2,000 (check with Dean’s Office)
• If summer research effort is not in the budget or budget line item has insufficient funds, explain where the funds are being rebudgeted from.

• Provide a guarantee org if summer research start and/or end dates are outside POP and note that an extension is expected.

• Provide a guarantee org if there are insufficient funds and note that an increment is expected.

• Include calculation for summer pay:
  - AY base salary = $
  - AY per pay period = $
  - (1/3 of AY) * .90 (maximum total summer pay) = $
